Marijuana: A Reference Handbook (Contemporary World Issues)

David E. Newton Ph.D.

Marijuana: A Reference Handbook (Contemporary World Issues) David E. Newton Ph.D.

Marijuana: A Reference Handbook examines the production, consumption, and regulation of the Cannabis plant; the plant's commercial, recreational, medicinal, and religious applications; and the various attempts to regulate the production and consumption of marijuana in the United States and other parts of the world. Additionally, it provides a detailed history of the role of marijuana in society, an even-handed presentation of the arguments for and against its legalization or decriminalization, and a comprehensive list of print and electronic resources that can be used for further research on the topic.

As contention over the use of marijuana for recreational and medical purposes continues to be at the forefront of public policy debates and more U.S. states consider ballots to allow the production and consumption of marijuana under various conditions, this book will provide students and general readers with invaluable context to understand the underlying issues associated with recent efforts to change marijuana's legal status.

Do you want to try this extraordinary spending spare time activity?

Jack Murray:

As a student exactly feel bored in order to reading. If their teacher expected them to go to the library in order to make summary for some e-book, they are complained. Just little students that has reading's heart or real their interest. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that reading is not important, boring and can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Marijuana: A Reference Handbook (Contemporary World Issues) can make you truly feel

more interested to read.
