But as Pride, Ambition, and an immoderate thirst of Conquest, were the motives of these researches, no real advantage could possibly accrue to mankind in general, from inquiries proceeding upon such deformed and noxious principles.

In later times, which have been accounted more enlightened, still a worse motive succeeded to that of ambition; Avarice led the way in all expeditions, cruelty and oppression followed: to discover and to destroy seemed to mean the same thing; and, what was still more extraordinary, the innocent sufferer was stiled the Barbarian; while the bloody, lawless invader, flattered himself with the name of Christian.

With Your Majesty's reign, which, on many accounts, will for ever be a glorious æra in the annals of Britain, began the emancipation of discovery from the imputation of cruelty and crimes.
