***The Firm* meets the tobacco industry in this wildly compelling corporate thriller.**

Through a series of unwanted promotions, Trevor Barnett has become the lead spokesman for the tobacco industry just as it's on the verge of extinction. Plaintiffs' attorneys have finally found the weakness they'd been searching for and have filed a \$200 billion lawsuit that the industry will be unable to appeal. America's tobacco companies react by doing the unthinkable—they close their plants and recall their products from retailers' shelves. The message is clear: Not another cigarette will be manufactured or sold until the industry is given ironclad protection from the courts.

As the economy falters and chaos takes hold, Trevor finds himself the target of enraged smokers, gun-toting cigarette smugglers, and a government that has been cut off from one of its largest sources of revenue. Soon it becomes clear that this had always been his function—to take the brunt of the backlash and shield the men in power from the maelstrom they've created. As he is slowly abandoned by an industry that his own ancestors helped to create, he begins to hatch a plan to fight back.

Kyle Mills continues to explore the controversial subjects that have won him legions of fans and accolades around the globe. Fascinating in concept, rich in characters, and broad in appeal, *Smoke Screen* has all the trademark flair of his previous novels.
