## **Global Strategic Management** Gerardo R. Ungson, Yim-Yu Wong

International business is undergoing continuous transformation as multinational firms and comparative management evolve in the changing global economy. To succeed in this challenging environment, firms need a well-developed capability for sound strategic decisions. This comprehensive work provides an applied and integrated strategic framework for developing capabilities that lead to global success. It is designed to help readers achieve three essential objectives. First, it provides intellectual and practical guidelines for readers to execute goals and strategies that lead to meaningful and productive results. The book is packed with frameworks, cases, anchoring exercises, techniques, and tools to help readers emerge with a completed business plan after the last chapter. Second, it focuses on strategy and how firms build competitive presence and advantages in a global context. A primary learning objective is to enable readers to understand and evaluate the major issues in strategy formulation and implementation in a global context. Third, it provides an accessible framework that will help guide readers in making strategic decisions that are sound and effective. It offers a unifying process that delineates the necessary steps in analyzing the readiness of a firm to do business abroad. In addition to core issues, each chapter presents frameworks, analytical tools, action-oriented items, and a real-world case - all designed to provide insights on the challenges imposed by globalization and technology on managers operating in a global context.
