Over the years, Jobs gave countless interviews to the media, explaining what he called “the vision thing”—his unmatched ability to envision, and successfully bring to the marketplace, consumer products that people find simply irresistible.

Jobs made an indelible mark in multiple industries, and played an enormous role in creating others. Consider how Jobs and Apple shaped the following fields: personal computers (laptop and desktop), apps (for multiple electronic devices), computer animation (Pixar), music (iTunes), telecommunications (iPhone), personal digital devices (iPod), books (iBook), and, most recently, tablets (iPad).
