Turn Your Brats into Angels in 7 Days or Less

Have you ever looked at your kids and thought, “man, they are so perfect, well-mannered, and wonderful, I can take them anywhere and feel proud of them”? If this thought has never crossed your mind, and in fact sounds like a fairytale, then you might want to check this book out.

The little devils

It's hard enough having a child, just a normal child, but if you have a kid that's unruly, life can be ten times harder. The simplest task of going to the grocery store, the bank, or to a family get-together can be daunting and even detestable when your child acts up on a daily occurrence. In this book, we will help you with calming your child down, no matter what kind of wild behaviors he or she partakes in, including:

- Constant tantrums that turn heads wherever you are
- Embarrassing and loud noises in the most inappropriate of places
- Hitting, biting, or other acts of violence that worry or anger others
- Cruel words, or even curse words that could seriously get your child in trouble
- Unmannered behaviors towards adults and other children, even when you say no

Perfect for any parent or caretaker

Whether you're a first time parent in need of advice, a long-time parent that just can't figure out how to tame your kid(s), or a babysitter that is in need of some caretaking tips, this book will definitely help you to straighten up your child in an appropriate way. You won't have to worry about those mid-day phone calls from school or daycare, the complaints from other family members, and the rejections from babysitters to watch your kids. Just imagine a time where you can tote your kids around freely, not even wondering what your little tike will get into next. The opportunity to help you and your kids get along better and get along with others better is here, in this book.
