**Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions** Gayle Laakmann McDowell

I am not a recruiter. I am a software engineer. And as such, I know what it's like to be asked to whip up brilliant algorithms on the spot and then write flawless code on a whiteboard. I've been through this as a candidate and as an interviewer.

Cracking the Coding Interview, 6th Edition is here to help you through this process, teaching you what you need to know and enabling you to perform at your very best. I've coached and interviewed hundreds of software engineers. The result is this book.

Learn how to uncover the hints and hidden details in a question, discover how to break down a problem into manageable chunks, develop techniques to unstick yourself when stuck, learn (or re-learn) core computer science concepts, and practice on 189 interview questions and solutions.

These interview questions are real; they are not pulled out of computer science textbooks. They reflect what's truly being asked at the top companies, so that you can be as prepared as possible. **WHAT'S INSIDE?**

- 189 programming interview questions, ranging from the basics to the trickiest algorithm problems.
- A walk-through of how to derive each solution, so that you can learn how to get there yourself.
- Hints on how to solve each of the 189 questions, just like what you would get in a real interview.
- Five proven strategies to tackle algorithm questions, so that you can solve questions you haven't seen.
- Extensive coverage of essential topics, such as big O time, data structures, and core algorithms.
- A behind the scenes look at how top companies like Google and Facebook hire developers.
- Techniques to prepare for and ace the soft side of the interview: behavioral questions.
- For interviewers and companies: details on what makes a good interview question and hiring process.

### **From reader reviews:**

#### **Anna Gann:**

Book is to be different for each and every grade. Book for children until eventually adult are different content. As it is known to us that book is very important for all of us. The book Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions has been making you to know about other understanding and of course you can take more information. It is very advantages for you. The e-book Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions is not only giving you much more new information but also to be your friend when you truly feel bored. You can spend your own spend time to read your e-book. Try to make relationship using the book Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions. You never feel lose out for everything if you read some books.

#### **Richard Ma:**

In this 21st hundred years, people become competitive in every way. By being competitive now, people have do something to make these individuals survives, being in the middle of often the crowded place and notice by simply surrounding. One thing that at times many people have underestimated that for a while is reading. Yep, by reading a reserve your ability to survive increase then having chance to stay than other is high. For you personally who want to start reading a book, we give you this specific Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions book as basic and daily reading guide. Why, because this book is usually more than just a book.

#### **Blanche Dobos:**

The publication untitled Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions is the book that recommended to you to read. You can see the quality of the publication content that will be shown to anyone. The language that writer use to explained their ideas are easily to understand. The writer was did a lot of research when write the book, therefore the information that they share for you is absolutely accurate. You also might get the e-book of Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions from the publisher to make you much more enjoy free time.

#### **Katie Duffy:**

Reading a book to become new life style in this year; every people loves to study a book. When you learn a book you can get a lots of benefit. When you read books, you can improve your knowledge, due to the fact book has a lot of information upon it. The information that you will get depend on what sorts of book that you have read. If you want to get information about your study, you can read education books, but if you want to entertain yourself you are able to a fiction books, such us novel, comics, as well as soon. The Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions provide you with a new experience in studying a book.
