Exchanging Voices: A Collaborative Approach to Family Therapy (Systemic Thinking and Practice)

Lynn Hoffman

For this book, Lynn Hoffman has not only compiled her writing for the last ten years, but she has written her own commentary about the personal and intellectual journey which led her from one paper to the next. The papers themselves read like a chronicle of the major ideas of the past ten years, but her commentary sheds a new light on the process of learning. It enables the reader to understand the way one woman has listened to the voices of a changing environment, and listened to the changes in herself in order to expand her thinking and her practice as a therapist.
