Reflective practice is at the heart of effective teaching, and this book helps you develop into a reflective teacher of English. Everything you need is here: guidance on developing your analysis and self-evaluation skills, advice on assessing pupils' progress effectively, and examples of how experienced teachers deliver successful lessons. The book shows you how to plan lessons, how to manage behavior and use ICT in English and how to make good use of resources. Each chapter contains points for reflection, which encourage you to break off from your reading and think about the challenging questions that you face as a new teacher.
