The revolution continues. Step into the virtual reality of World at War, and join the fight. Become part of the great factions struggling for supremacy, or forge your own path. Builder, fighter, highwayman, commander: what will your role in the struggle be?

War. The struggle between the Hydra Alliance and Ragnarok Company continues. Battles rage in the forests, over the plains, even in the skies. With each passing day, the strength of both sides grows. But who will triumph this clash of juggernauts?

Black Wolf Company knows that their alliance will never be able to defeat Ragnarok. Their only hope for victory is to take a city for their own, shaping the region according to their design and forcing their enemy to admit their dominance. But such a task will not be easy. High walls, strong defenses, stubborn defenders, all manner of obstacles stand in their way, and no amount of firepower will ever defeat them by itself. The members of the Hydra Alliance must rely on their abilities and their wits in order to accomplish their goal, and they had best do it soon. For their enemy is not idle, and they have many tools at their disposal...

In a World at War...

What's your battle?
