## A Heart-Pounding Dystopian YA Thrill-Ride

Three hundred years ago, *something* arose and pushed humanity to the brink of extinction. Now, a small remnant – the ancestors of the few survivors who were able to escape the massacre below – lives above the clouds, on the top of a mountain. But there's been a change. Their water supply is being poisoned. Someone, or *something* down below is trying to kill them. Now an expedition, including seventeen year-old girl Icelyn Brathius, must descend and face the monsters that wiped out civilization centuries ago.

## The Shocking True Nature of the Threat Below

As Icelyn faces dangers in a world humans are not meant to survive, she learns that not everything is as it seems, and uncovers an ancient revelation, then faces a choice that may change the fate of everyone above and below the clouds. Will Icelyn be strong enough to both survive and bear the terrible secret?

Join Icelyn Brathius as she leaves everything she has ever known to journey to the place no one was ever supposed to go.
