Craftwork Techniques of the Native Americans Scott Sutton

Scott Sutton's latest craft book expands on the knowledge and skills presented in his first book, *Beadwork Techniques of the Native Americans*. This volume presents eight new beadwork projects in which Scott includes personal, little-known tips that he has developed from his extensive experience.

Each item has easy-to-follow, step-by-step instructions that are accompanied by full-color photographs and detailed illustrations. Projects include medallions, belt buckles, barrettes, loom-beaded belts, scalp feathers, flat fans, moccasins, and small dance bags. Each section contains information on selecting the necessary materials, tools, and supplies.

Both novice and experienced crafters are guaranteed many hours of pleasure creating these beautiful Native American objects. Beadworkers can use their new skills to produce other items or create their own designs.
