Deborah Anna Luepnitz, Paki Wieland

The Family Interpreted: Psychoanalysis, Feminism, And Family Therapy (Feminist Theory in Clinical Practice) Deborah Anna Luepnitz, Paki Wieland

The paradox of the contemporary family is that it is both patriarchal and father-absent. Family therapists reproduce these problems by blaming mothers, protecting fathers, ignoring issues of race and class, and settling for superficial symptom relief. In *The Family Interpreted*, Deborah Anna Luepnitz proposes a new practice grounded in psychoanalytic feminism. Since its publication in 1988, this intelligent, irreverent, and incorrigibly witty book has become a classic, admired by the therapeutic community and feminist scholars. Luepnitz's work has permanently altered the debate about families, culture, and psychological change.
