The Study of Shakespeare (Classic Reprint) Henry Thew Stephenson
Excerpt from The Study of Shakespeare

For some fifteen years I have conducted classes in the study of Shakespeare at the University of Indiana. I early found that great advantage was derived from an intimate knowledge of the social conditions that obtained at the time the plays were written. My attempt to furnish some assistance in this direction by the publication of an account of Shakespeare's London and of the people of Elizabeth's generation has given me confidence in the preparation of a handbook designed differently from many now in use.

Though criticism of the plays forms the larger part of the following pages, I have had no intention of writing a volume of criticism. The book is not intended to be read on its independent merits, but in conjunction with a study of the texts. Though I hope it will be of interest to those already familiar with the plays of Shakespeare, it is primarily addressed to students.

Inasmuch as it is intended to be an assistance, I have not felt it necessary to discuss the obvious. Oftentimes a mere suggestion is sufficient to start the reader aright so that he will discover all that is necessary without further assistance. For instance, I have frequently observed a class which read *The Taming of the Shrew* without the least comprehension of its meaning.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
