What if one day you discovered you were not human?

David Mathis, emotionally wounded by divorce and unemployment, is burnt out and ready to pull the trigger when he is faced with the hard-hitting truth.

He is Creed 0324, one of the many genetically engineered humans created by the U.S. government. Designed to be the perfect weapon, he alone has the unique ability to absorb the physical traits of any living organism he touches. However, after flaws began to surface during the experiment, the genetically engineered soldiers were terminated. All except one.

Suddenly, David's life takes a drastic turn as he finds himself accused of murder and hunted by vicious hitmen. To make matters worse, his daughter has been taken hostage, and the kidnapper plays a cruel game.

Confronted by his past, David's fabricated identity begins to unravel as he is torn between dual personas: human mind and mindless killer. Not only is his daughter's life at stake, but the future of an entire nation. Now he must fight for his life, his humanity, and his creed.
