Hollow Oak Chronicles opens a window on the rich history of Dutchess County by following one family across 300 years. The lives of successive generations of Van Vliets, both women and men - representative of the changes that took place as an agrarian society moved into the twentieth century - are witnessed through fresh interpretations of a rich archive of letters, diaries, photographs and maps donated to the Historical Society. In seven compelling essays, various Van Vliets are brought vividly to life, including Helena, who as a young nurse journeyed to China during the Chinese Civil War; and the love story of Henry and Hannah, whose devotion to each other never wavered, even during her physical illness.
