Excerpt from A Philological Introduction to Greek and Latin: For Students

The translators of the following little treatise have simply endeavoured to put Professor Baur's ideas before English students. The only liberty they have taken is that of breaking up the German sentences, and thus in some degree making the work less difficult than the original, although it has not even now the doubtful merit of easiness. English equivalents are given for Greek and Latin words wherever Professor Baur has given German renderings.

The translators' best thanks are due to the Rev. A. H. Sayce and the Rev. G. W. Cox for many valuable suggestions while the work was passing through the press.
