"Heather Hildenbrand is one of my favorite YA paranormal authors. Her Dirty Blood Series is a must-read!"
—Ella James, Bestselling Author of the Stained series

I killed a girl last night.

I did it with my bare hands and an old piece of pipe I found lying next to the dumpster. But that's not the part that got me. The part that scared me, the part I can't seem to wrap my head around and still has me reeling, was that when she charged me, her body shifted -- and then she was a wolf. All snapping teeth and extended claws.

But by the time I stood over her lifeless body, she was a girl again.

That's about the time I went into shock ... And that was the moment he showed up.

Now, all I can do is accept the truths that are staring me in the face. One, Werewolves do exist. And two, I was born to kill them.

Get hooked on werewolves in a way you've never read them before! This version contains the first 4 books in the bestselling Dirty Blood series along with deleted and extra scenes from your favorite characters!

Follow Tara's journey through the world of werewolves and hunters from the beginning!
