I Didn't Mean to be Kevin: a novel Caleb J. Ross

Jackson Jacoby is a motherless twenty-two year old boy with only the support of his crazy ex-military Uncle Marve and a kindred motherless peer named Creg. Creg holds fast to the hope of one day reuniting with his mother while Jackson maintains that his own life is so much better off without all the baggage that comes along with being somebody's son. After finding a plea in a newspaper from a woman begging her runaway son, Kevin Masons, to return home, Jackson takes the opportunity to prove to Creg that a mother is not necessary to be happy. What begins as a drunken call to the mysterious mother leads to a cross-country pilgrimage to attend the will reading of Kevin's recently deceased grandfather. Along the way, Jackson spreads tales of his participation in the human appendage trade, the history of his missing ear, and anything else that might validate his life the way he insists that a mother never could.
