My sector, my rules...

A must read for classic science fiction enthusiasts!

For two thousand years, the Human run empire known as the Alliance of Major Planets (**AMP**) brought peace and stability to the five galaxies surrounding and including the Milky Way. Advances in technology, and a strong set of fair laws, brought with it a peaceful expansion of Human ideals. As the alliance aged, corruption crept in, allowing an overthrow that placed a dozen ruling families in control. Without clear leadership, the New Alliance begins to decay, and without change, it will ultimately fail.

For Knog Beutcher, a three star veteran detective, living in the New Alliance is a struggle. He finds himself caught in the middle of the chaos as colonies rebel and populations riot. With the invasion of one of the galaxies by an external enemy, the alliance's future becomes uncertain. Corruption, rebellion, intrigue and lawlessness have come to Knog's world. His struggles have only just begun...

Also available from this author:

SODIUM Series

A six-book series that takes Man from his first encounter with aliens all the way to a fight for our all-out survival. Do we have what it takes to rule the galaxy?

AMP Series

Cast a thousand years into the future beyond **SODIUM**. This eight-book series chronicles the struggles of Don Grange, a simple package deliveryman, who is thrust into an unimaginable role in the fight against our enemies. Can we win peace and freedom after a thousand years of war?

OMEGA Series

Cast a thousand years into the future beyond **AMP**. The Alliance is crumbling. When corruption and politics threaten to throw the allied galaxies into chaos, Knog Beutcher gets caught in the middle. Follow along as our hero is thrust into roles that he never expected or sought. Espionage, intrigue, political assassinations, rebellions and full-on revolutions, they are all coming to Knog Beutcher's world!

HADRON Series

HADRON is a modern day story unrelated to the **SODIUM-AMP-OMEGA** trilogy series. After scientists using the Large Hadron Collider discover dark matter, the world is plunged into chaos. Massive waves of electromagnetic interference take out all grid power and forms of communication the world over. Cities go dark, food and water supplies are quickly used up, and marauders rule the highways. One group of citizens

takes a stand. Can they make a difference? And the devastating EM waves, where are they coming from? After months of starvation, a benevolent species arrive in their spaceships to rescue the Human race. Only, are they really so benevolent?
