The Silent Killers of the Faith: Overcoming Legalism and Performance Based Religion Stephen Crosby

Like poor driving, legalism is the ‘other guy’s’ problem—the idiot is always in the other car. Crosby delivers a powerful punch in this expose on legalism as he shows that is a problem for all of us. It is a silent killer and the author seeks to expose all of its treacherous tentacles. Legal and performance-based religion is the most prevalent, unrecognized, and deleterious malady affecting the individual believer and the Church universal. Crosby exposes the philosophical and practical roots of legal, performance-based religion as well as its subtle influences. Readers will be equipped to not only recognize the problem but to avail themselves of appropriate remedies to free themselves from legalism’s infectious disease.
