Microsoft Word for Healthcare Documentation: A Guide for Transcriptionists, Editors, and Health Information Professionals (Point (Lippincott Williams & Wilkins)) Laura Bryan CMT BS

Microsoft Word for Healthcare Documentation: A Guide for Transcriptionists, Editors, and Health Information Professionals, Fourth Edition has been updated to include Word 2003 and 2007 and the fundamental features of Windows XP and Windows Vista, along with more time-saving shortcuts to help transcriptionists, editors, and health information specialists maximize their use of Microsoft Word and increase productivity and profit. This is among the only books written specifically for medical transcriptionists and other health information professionals by a medical transcriptionist. Geared to both students and professionals, the text includes a full suite of ancillaries including a quiz bank, document formatting exercises, sample templates, videos, and macros. The popular workbook that was formerly sold separately is now integrated into the text.
