Debate sobre el modo de producción en América Latina 1960-1970: Reflexiones de intelectuales latinoamericanos (Spanish Edition) Jhosman Gerliud Barbosa Dominguez

Barbosa reflexiona sobre la construcción de modelos teóricos en América Latina en las décadas de los 60 y 70; en concreto se centra en el debate sobre los Modos de Producción en el subcontinente. A pesar de la aridez del tema y de aparente pérdida de interés en la actualidad, no deja de ser un valioso intento de genealogía histórica e indagación teórica que arroja luces sobre el papel de los intelectuales latinoamericanos en esos decenios y las pugnas académicas que en esos años se daban tanto contra las teorías desarrollistas como en el seno del marxismo y del dependentismo. Esto permite entender también la orientación política de las izquierdas en esos años, que se apoyaban en la “caracterización” de la sociedad para avistar la “etapa” revolucionaria que seguiría. Alabo la incursión, no muy frecuente a pesar de su indudable importancia. Más indagaciones de este tipo permitirían comprender mejor no sólo los debates de esos años, sino las consecuencias políticas que de ellos se extrajeron. MAURICIO ARCHILA NEIRA Profesor Titular Departamento de Historia Universidad Nacional de Colombia Bogotá Marzo 2012
