**What if your fated mate was just an app swipe away?**

With the bone structure of a god and abs that turn smart girls' brains to mush, Leigh Canvey is the hottest member of his Hope Valley bear clan. But a painful childhood of being abandoned by his parents and brought up by a pure-blood bear has left him a recluse who lives on a mountaintop, far away from the other bears in his clan.

Flame-haired Scottish fireball Adaira has just come to town, hoping that her cousin Tamika, the creator of Shiftr – the secret dating app for curvy girls and shape-shifter guys – will be able to set her up with someone who appreciates her curves – and her sassy nature.

When Shiftr picks the two of them out as a perfect match, even Leigh's animal nature isn't enough to dissuade the energetic Adaira from hiking all the way up the mountain to meet him. But he's not the only one who likes the look of the curvy beauty, and when an alpha wolf decides to kidnap her, Leigh has to put aside all his misgivings about humans and snatch her away from danger – even if it threatens the solitary existence he's created for himself.
