Targeted in America Sharon R. Poet

This book is the beginning phase of an American Targeted Individual's recording of four decades of experiences with being targeted by a covert operation, which utilizes satellite surveillance systems in conjunction with microwave weapons, laser weapons, psychotronic weapons, chemical warfare and psychological warfare. Information in this book should be of interest to every citizen of the world, because continued criminal use of radio wave technologies, poses a **SERIOUS** threat to all of humanity - the technological targeting that is being performed by criminal covert operations, should be a concern to every nation, community, family and individual who values personal freedom and basic human rights. This book is a dedication to the Freedom and Liberty that America has stood for. . .with the hope that it be restored for all of humanity. <http://www.targetedinamerica.com>
